ABDUL REHMAN KHAN

Nawan Shehar, District Multan, Punjab, Pakistan – 60000
Phone: +92 316 8664647
Email: ak9082491@gmail.com

Professional Summary

Motivated and detail-oriented student with knowledge of **Artificial Intelligence and Machine Learning**. Completed internship in AI/ML and experienced in using generative AI tools for solving real-world problems. Seeking opportunities to apply technical skills and grow in the field of AI and software development.

Education

Bachelor of Computer Science (BSCS) – NFC-IET University (Ongoing) | 2023 – 2027
Current CGPA: 3.54 (B+)

FSc (Pre-Engineering) – BISE Multan – Nishat College of Science | 2021 – 2023
Board: BISE Multan | Percentage: 61.81%

Matric (Science) – Nishat Boys High School | 2019 – 2021
Board: BISE Multan | Percentage: 97.545%

Experience

AI / Machine Learning Intern
NGXSoft Solutions
June 2025 – October 2025

- Worked on basic AI and machine learning concepts.
- Used generative AI tools for development tasks.
- Assisted in simple data processing and model experimentation.
- Learned practical applications of AI technologies.

Skills

Artificial Intelligence & Machine Learning

- Artificial Intelligence (AI)
- Machine Learning (ML)
- Generative AI Tools
- Prompt Engineering
- Basic Data Analysis

Programming & Development

- Python Programming
- Object-Oriented Programming (OOP)
- C++ Programming
- Flutter & Dart (Mobile App Development)
- FastAPI (Python Web Framework)
- MySQL (Database Management)

Other Skills

- Problem Solving

Certifications

AI and Machine Learning Internship Certificate
NGXSoft Solutions | jun ,2025-Oct,2025
